

Nurture Programme

The Nurture Programme is designed to target those students who are not engaging and are struggling to fit into the school environment, often showing signs of being withdrawn, victims of bullying, not mixing well and lacking in confidence. Please see the link, '[criteria for inclusion](#)' and the link '[course experiences](#)' which looks at relevant indicators.

Course Content

Pre-school visit

Here we meet the group and put them at ease. Students complete a light-hearted but formative assessment which analyses their perceptions of the types of activities they will embark upon, and also their level of self-esteem. This, along-side the opportunity to discuss the course and various needs of students with you and your staff, allows us to formulate a bespoke programme.

Activity Day

With an overriding respect for our environment and an ethos of leaving only footprints behind, we use natural venues for our days which generally are based on our journey model; any of our activities listed may be used depending on the group and their needs. All specialist equipment is provided including fibre pile clothing, water proofs and wellies or boots. Students will need to bring or be provided with a packed lunch/drink and they will need to wear their oldest stretchy clothes. The school will need to provide its' own transport and meet at a given venue within a one-hour drive from the school, normally by 10 a.m. returning in time for the end of the school day; a later return can always be arranged to extend the day if you are happy to do so.

Photographic and Video Evidence

Photographic and video records of their achievements and a picture-based certificate can be provided if required at a small additional charge.

Course Costs (*'Pupil Premium Grant' may be a funding option*).
